In September 2009, Jay Shapiro & Associates, Inc. was elected to enter into a 5-Year Blanket Purchase Agreement [BPA] with the Federal GSA. Under this Agreement, JS&A is available to service ARRA projects in 8 of the 12 GSA Public Building Service Regions. Services can be provided by “Task-Order” proposal, with minimal procurement effort or lag in start-up. As with its FSS contract, JS&A’s BPA contract is based on “Most Favored Client” rates for each of 10 categories of professional staff associated with a comprehensive scope of professional CM services. Specific resources and personnel are presented on a case-by-case basis, dependent on the needs of the client agency.
